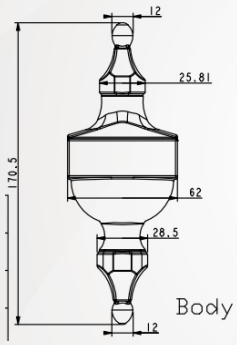
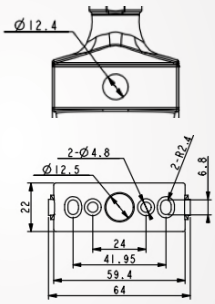
Dynamic

Stainless Steel Door Knocker

Dynamic Hardware's Stainless Steel Door Knocker is based on the popular 6 Inch Victorian Urn design to complement any entrance door.

Manufactured and tested to extremely high standards, the Dynamic Stainless Steel Door Knocker offers optimal levels of corrosion resistance and outstanding product performance.





SELECTED FEATURES

- Manufactured from high strength 304 Stainless Steel.
- Fast fitting for easy installation.
- All knockers are Face Fit, eliminating the need to drill through the door.
- Spyhole option available.
- Brushed Steel finish.
